Pricing and Production Advisory Committee  
Mr. Jim Byrne, Chair  
BY EMAIL

**Re: Exceptional Circumstances request respecting  
A-169 Mainstream Pricing decision of BCCMB**

Dear Jim,

The Board, as required under its General Orders, has received the April 14, 2021 draft PPAC Minutes (and previously circulated documentation) & April 15, 2021 additional supplemental documentation of the PPAC prior to making its determination with respect to matters relating to pricing and production. In this case the Board was asked to decide whether or not to find that exceptional circumstances exist sufficient to justify departing from the pricing formula for quota period A-169 (April 11 – June 5, 2021).

The BCCMB met on April 15, 2021 to consider the input that was presented by both the grower and processor members of the PPAC. The decision of the Board is that it was not presented with sufficient and substantive evidence to vary its decision with respect to period A-169 live price for mainstream chicken.

A copy of the Board's rationale in the form of a SAFETI document will be circulated at a later date. The live price for A-169 as set by the Board on April 9, 2021 at \$1.9500/kg live weight (Interim Order #160) remains in place.

Thank you for your attention to this matter.

BRITISH COLUMBIA CHICKEN MARKETING BOARD

MR. Harvey Sasaki  
Chair
